AUGUST 17-20, 2021 | WATERLOO, CANADA

AWARDS

NOMINATION DEADLINE:

APRIL 15, 2021

Research Excellency Award

This award is dedicated to one outstanding researcher who has made significant contributions to the advancement of the science, engineering and technology of hydrogen and fuel cell through research, development, innovation, demonstration and/or deployment.

Early-career Research Award

This award is bestowed to an early-career researcher (within 10 years from his/her PhD degree by the closing date of the nomination), who has made excellent contributions to the advancement of the science, engineering and technology of hydrogen and fuel cell.

Student Research Award

This award is given to a student (undergraduate or graduate) as of the closing date of nomination, who has made excellent contributions to the advancement of the science, engineering and technology of hydrogen and fuel cell.

Technology Leadership Award

This award aims to recognize individuals and/or organizations that have developed innovative hydrogen and fuel cell technologies to expedite their commercialization.

Winners of these prizes will be invited to attend the conference in which they will participate in the award ceremony, and their registration expenses will be covered by the Conference. The nomination information and form are available at: <https://www.iahe-fcd.org/wfcc-2021-awards>
